

EUROPEAN STYLE CHOCOLATES

HANDCRAFTED IN PELLA

DESIGNED TO BE SHARED

About Us

Born in the heart of Pella, Iowa, just steps from the original Garden Square, our chocolates are inspired by a place long rooted in gathering, celebration, and beauty in every season. That spirit continues to shape everything we create—confections designed to be shared and remembered.

What began as childhood memories of visiting Pella's soda shop with my grandmother—ordering a chocolate milkshake and savoring the sweetness of the moment—has come full circle. Today, we craft our chocolates and welcome customers in that very same space through Thistles Flower Market and Garden Square Chocolatier, located just across from the historic square that inspired our name.

Our European-style chocolates are handcrafted in small batches using premium ingredients, with careful attention to flavor, texture, and presentation. Sold in our own retail environment, Thistles Flower Market—a floral, gift, and home décor shop—this collection has been thoughtfully developed to merchandise beautifully and connect with customers.

Rooted in tradition and inspired by the rhythm of the seasons, each piece reflects a belief in simple pleasures and meaningful connection—bringing a sense of story, craftsmanship, and effortless elegance to your shelves.
